

Senses Roller Blinds

SPECIFICATION

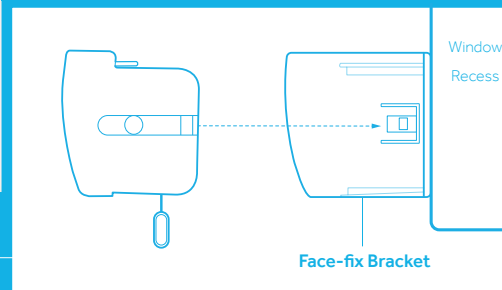

- Senses Roller Types: **motorised, chain operated, spring operated.**
- Senses Roller Blinds utilise 32mm tube for chain and spring operated blinds and 38mm tube for motorised option.
- Motorised option includes 38 Dream Roller motor.
- Sewn bottom bar supplied as standard, or you can upgrade to Senses bottom bar at no extra charge.
- Senses fascia will add 40mm to the blind size.
- Thicker fabrics may not be suitable for long drops (over 2000mm drop).
